1. Animals in the Library Policy - This is a new policy that supports current library signage which states - No pets, Service animals only. As TRL follows federal law on Service Animals, this policy will provide direction to staff regarding how they respond to animals in the libraries. Edna asked that staff contact the *Governor's Committee on Disability Issues and Employment* to make sure that our policy complies with ADA standards and guidelines. After a short discussion, the Committee recommended that the policy go forward to the Board for review and approval.
2. Friends of the Library Policy - Jeff presented the current Friends of the Library policy and gave some background information on why he has asked for the changes. He stated that the suggested changes better outline TRL staff responsibility for media contacts for programs supported by Friends groups. After a short discussion, the Committee approved the changes and recommended that the policy go forward to the Board for review and approval.
3. Internet Use Policy Discussion - Gwen reviewed the current TRL Internet Use Policy with the Committee and also gave some background on current TRL internet filtering practices. She asked the Committee for a consensus on how they would like to move forward reviewing this policy. After a lengthy discussion, it was decided that the topic would move to the full Board for discussion.
4. Next Meeting - Tuesday, August 14, 2012, 11:30 am, at the Service Center
