Part 1 – Overview of Budget

Library Director's Message

The 2017 Budget continues to support Timberland Regional Library's (TRL) six Service Priorities that make up the *Strong Communities: Building Our Future* 2014-2018 Strategic Plan:

Strengthen Families and Youth
Support Local Economies
Support Community Engagement through Culture, History and the Arts
Promote the Library as a Community Gathering Place
Enhance Collections & Technology
Foster a Supportive Work Environment

TRL's 2017 budget process was collaborative and thorough, achieving transparency and accountability. TRL continues to be fiscally conservative stewards of the public's resources.

TRL's values of service, community focus, collaboration, and integrity continue to drive our strategies as an organization to meet your needs and the needs of the 485,000 residents of Pacific, Lewis, Grays Harbor, Mason and Lewis Counties.

The 2017 budget aligns with TRL's mission to "invite discovery and interaction with our vibrant collection, services and programs for learning, enrichment, and enjoyment for people of all ages in our diverse communities."

Respectfully,

Cheryl Heywood

The summarized version of the 2017 Preliminary Budget for the General Fund is presented above as a balanced budget where expenditures match new revenues and use of fund balance. A discussion of revenues and expenditures follows.

General Fund Revenues

The 2017 Preliminary Budget was developed based on recent trends from 2013 to current year. Revenues from property taxes comprises 90.6% of all revenues received by TRL. It is essential for TRL to project these revenues in advance to plan spending for the budget. By state law, the maximum levy limit for library districts is \$0.50 per \$1,000 assessed property valuation. Currently, the levy rate for TRL is \$0.41 per \$1,000 assessed property valuation.

The second largest revenue stream for TRL is timber revenue received from the five counties. This revenue accounts for 6.3% of the TRL budget. Timber revenues can fluctuate considerably from year to year based on actions of the Department of Natural Resources, the market price of lumber, impacts from environmental regulations, and the Endangered Species Act. Due to how volatile timber revenues can be, a conservative budget approach for these revenues is used by TRL.

For 2017, revenues are budgeted to increase by \$630,023 or 2.8% from 2016 budgeted amounts. As discussed earlier, property tax revenue is a majority of total revenues for TRL. Property taxes increase by assessed property values increasing as well as new construction and property improvements. Despite some regions in Washington State experiencing strong increases in property values, a majority of TRL districts are seeing minimal increases in their property values. Likewise, most counties in the TRL district are not seeing great increases in new construction.

Benefits.....\$4,235,072

Benefits increased by 4.9% or \$199,426. Most of this increase is due to medical costs which increased 4.5% for Regence HealthFirst 250 medical plan and 10.5% for Regence High Deductible Health Plan.

Supplies.....\$3,222,118

Supplies consist of office supplies and books and other collection materials and cost less than \$500. The supplies budget in the 2017 budget shows an increase of 1,119.5% or \$2,957,899. In the past, collections items were budgeted in the capital budget line. Since the collection items are under the \$500 threshold, they are being moved in 2017 to match how they are supposed to be (and have been) reported in our annual report to the State Auditor's Office.

Fuel.....\$66,000

Fuel costs are for the courier vans that transport materials between all libraries in the TRL district and the Service Center, as well as for the motor pool vehicles that are used by staff to travel to other libraries for coverage and to meetings, trainings, and conferences. The budget has increased 11.7% or \$6,918 since three new motor pool vehicles are being purchased to greatly reduce the amount paid out in reimbursements to staff currently having to use their personal vehicles for travel.

Small Tools/Equipment.....\$154,700

Small Tools and Equipment are items that cost between \$500 and \$4,999. The budget for these items show an increase of 361.8% or \$121,200. In the past, many of these items were budgeted in the capital budget line. Capital items are only those items that cost \$5,000 or more, so therefore items that have not met that dollar threshold have been moved to the Small Tools and Equipment line in the budget.

Professional Services.....\$1,156,249

Professional Services in the 2017 budget largely include landscaping, janitorial, security services, and computer technology maintenance. These items in the 2017 budget have increased 37.4% or \$314,631. About half of this increase was due to an analysis of actual costs at all libraries for landscaping, janitorial, and security services. The other half of the increase was due to computer technology maintenance expenditures being moved from the Automatic Circulation Fund to the General Fund. These costs were determined to be on-going in nature so they were moved to the General Fund.

Communications.....\$266,720

Communications costs are for telephone, internet, and data lines. The 2017 budget for these costs show a decrease of 47.2% or \$238,597. This is due to a change in how the e-rate rebates are recorded. In the past, the e-rate rebates were recorded as non-revenues. The more common practice is to record rebates or refunds as a reduction in expenditures when they are received. For the 2017 budget year, all e-rate rebates will be recorded when received as a reduction in the communications line item.

Mileage.....\$92,930

Mileage costs are for reimbursements to staff who use their personal vehicles for TRL-related business purposes. The budget for mileage in 2017 has increased 46.4% or \$29,471. The increase was made after an analysis of actual reimbursements in 2016 to make the budget more realistic. With the addition of three new pool vehicles for TRL, the goal is to get this figure down in future budget years.

Transportation.....\$8,900

Transportation is for costs related to airfare, rental car, and other similar travel costs for conferences and trainings. Transportation costs decreased by 89.6% or \$76,825 for the 2017 budget. In past years the transportation line items include all travel costs such as lodging, meals, and registrations. These items are being separated from the transportation budget in order to make them more easy to identify and track.

Lodging.....\$16,020

Lodging costs are incurred by staff traveling to conferences or trainings. In the past these costs were included in the transportation budget line. Beginning in 2017, lodging costs are being broken out and tracked as a separate budget line item.

Meals.....\$26,660

Meals are costs associated with special meetings, trainings, All-Staff Training Day, as well as overnight travel. In the past these costs were budgeted as part of transportation or supplies. Beginning in 2017, meal costs are being broken out and tracked as a separate budget line item.

Advertising.....\$43,500

Advertising covers costs related to advertising TRL events and programs via different outlets, as well as for employment recruitment. The 2017 budget for advertising increased 9.3% or \$3,708 due to extra costs for promoting the TRL 50th Year Anniversary.

Operating Rentals.....\$100,630

Operating Rentals are costs for the Service Center land lease from the Port of Olympia and rent for Mountain View Timberland Library and parking lot. The 2017 budget for rentals increased 3.0% or 2,939 after an analysis of actual 2016 costs.

Utilities.....\$150,500

Utilities costs include electricity, sewer, and waste disposal. The 2017 budget for utilities increased 10.3% or 14,000 after an analysis of actual 2016 costs.

Insurance.....\$80,000

Insurance for TRL property, buildings, and assets is covered through CIAW. The 2017 budget increased 4.3% or \$3,324.

Repairs & Maintenance.....\$450,225

Repairs and Maintenance include those related to facilities and vehicles, as well as costs for software maintenance. The 2017 budget for these items increased 31.6% or \$108,227. A majority of this increase was including a budget for unexpected/emergency repairs at the different TRL-owned facilities.

Miscellaneous.....\$35,370

Miscellaneous costs are related to state sales and use tax and other staff training costs. The 2017 miscellaneous budget decreased by 59.5% or \$51,945 due to previous years' budgets not identifying the make-up of miscellaneous budget items.

Memberships.....\$28,390

Memberships include both professional memberships for some management staff as well as chamber memberships in the various counties and cities in the TRL region. Memberships increased in the 2017 budget by 20.0% or \$4,738 after all memberships were clearly identified and costs analyzed.

Registrations.....\$86,739

Registrations include attendance at various events, trainings, and conferences. These costs increased in the 2017 budget by 7.9% or \$6,314. This increase was due to some registrations in past budgets being included in the transportation budget line item.

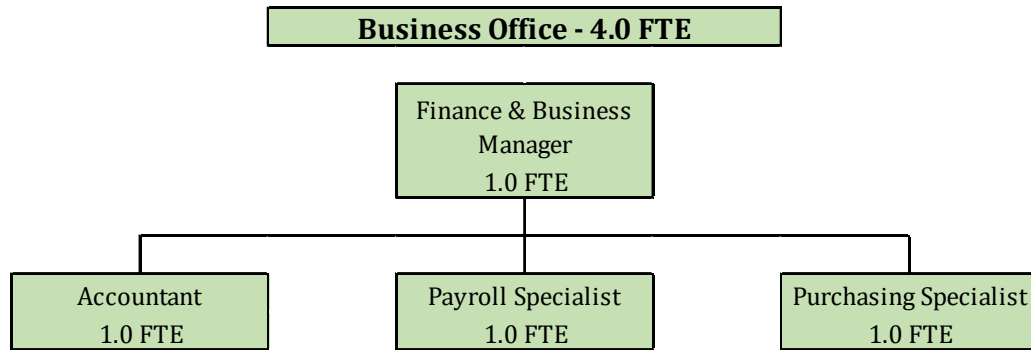

Intergovernmental.....\$25,115

Intergovernmental costs are those paid to other governmental agencies. The \$25,115 is for payment to the City of Yelm per the agreement between the City of Yelm and TRL for costs related to the Yelm Timberland Library building.

Capital.....\$310,000

Capital costs are for items that cost \$5,000 or more. The 2017 capital budget decreased by 92.5% or \$3,722,693. A majority of this decrease was for the \$2,943,788 of the collections budget that was moved to supplies. The other items that make up the decrease were items that fall below the capital threshold of \$5,000 and have been moved to either supplies or small tools and equipment.

Department Overview

Responsible Manager: Felicia Wilson

Service Priority: Enhance Collections

Goal: People served by TRL have access to robust collections and current technology.

Initiative: Provide robust and innovative print and digital collections

Focus: TRL provides patrons with a collection of more than 1.4 million books, DVDs, magazines, CDs; over 40,000 downloadable OverDrive eBooks, audiobooks, music and videos; and over 300,000 online audiobooks, music albums and more through hoopla. Collection Services has stressed the importance of timely delivery of collection materials to our patrons and Collection Services staff constantly review programs, services and statistics to evaluate the effectiveness in servicing the patrons of the 27 community libraries.

2016able Activities:

- Added the SELF-e platform to TRL's digital collection allowing TRL access to Indie WA, Best of Fiction, Best of Science Fiction/Fantasy, Best of Romance, and Best of Mystery/Thriller/Horror
- Implemented a DVD Security case pilot project Lacey and Yelm Timberland libraries that reduced the rate of missing DVDs by 36%
- Analyzed the value of eContent and database offerings versus per circulation costs and approximately \$50,000 in savings have been achieved
- Evaluated options for online games and found that no vendors have focused on the library market
- Held meetings with Computer Services to review technology that will assist in streamlining processes in Collection Services

2017 Anticipated Activities:

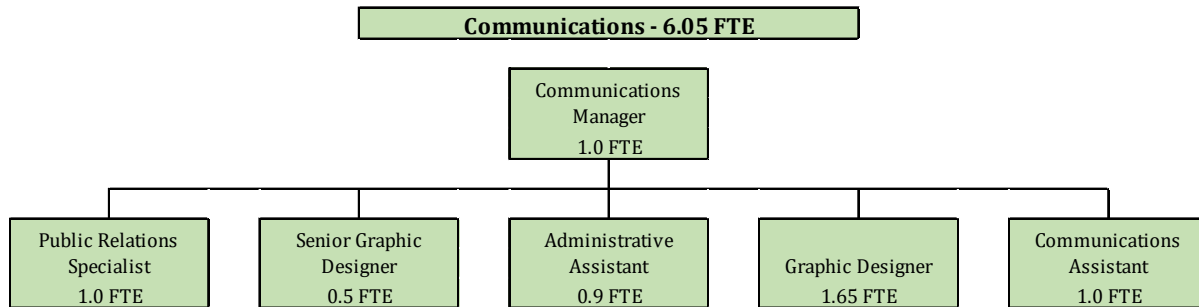

- Oversee the weeding of the SC Storage collection using updated guidelines
- Continue to evaluate our print and eContent collections and adjust the budget accordingly
- Focus on using technology to improve and/or streamline processes in Collection Services including: EDI Ordering; downloading WorldCat records transmitted from Vendors automatically when orders are placed; batch deletion of withdrawn items after X number of days; report for last copy discards to delete from Sirsi after X number of days to selectors AND a report by ISBN to delete holdings from OCLC; transitioning the Periodical Holdings List to Sirsi Dynix

Department Overview

Responsible Manager: *Jeff Kleingartner*

Service Priority: Promote the Library as a Community Gathering Place

Goal: Provide marketing materials in print and digital formats to equip staff to serve patron needs both in the libraries and through outreach in each community. Create awareness by the public of library services, resources, and programs, developing interest and action by current and future patrons in usage of TRL's variety of offerings.

Initiative: Utilize new tools to promote library services and programs via TRL social media sites, email communications, website graphics, on hold phone messages along with traditional printed collateral in libraries. Major initiatives for 2017 include Storytimes, Summer Reading, Courier Van graphics, TRL's 50th Anniversary, and development of a new public website.

Focus: Create and send targeted email messages to patrons to deliver information about library programs, services, and resources to inform, educate, and entertain. Departmental focus in 2017 will be primarily in the areas of website development, email marketing, 50th anniversary planning/execution and promotion of key services.

2016 Notable Activities:

- Developed a Twitter Team of staff contributors
- Designed three courier van wraps
- Located e-mail marketing service provider and launched service
- Introduced pinterest
- Participated in ALA's Libraries Transform multi-year initiative

2017 Anticipated Activities:

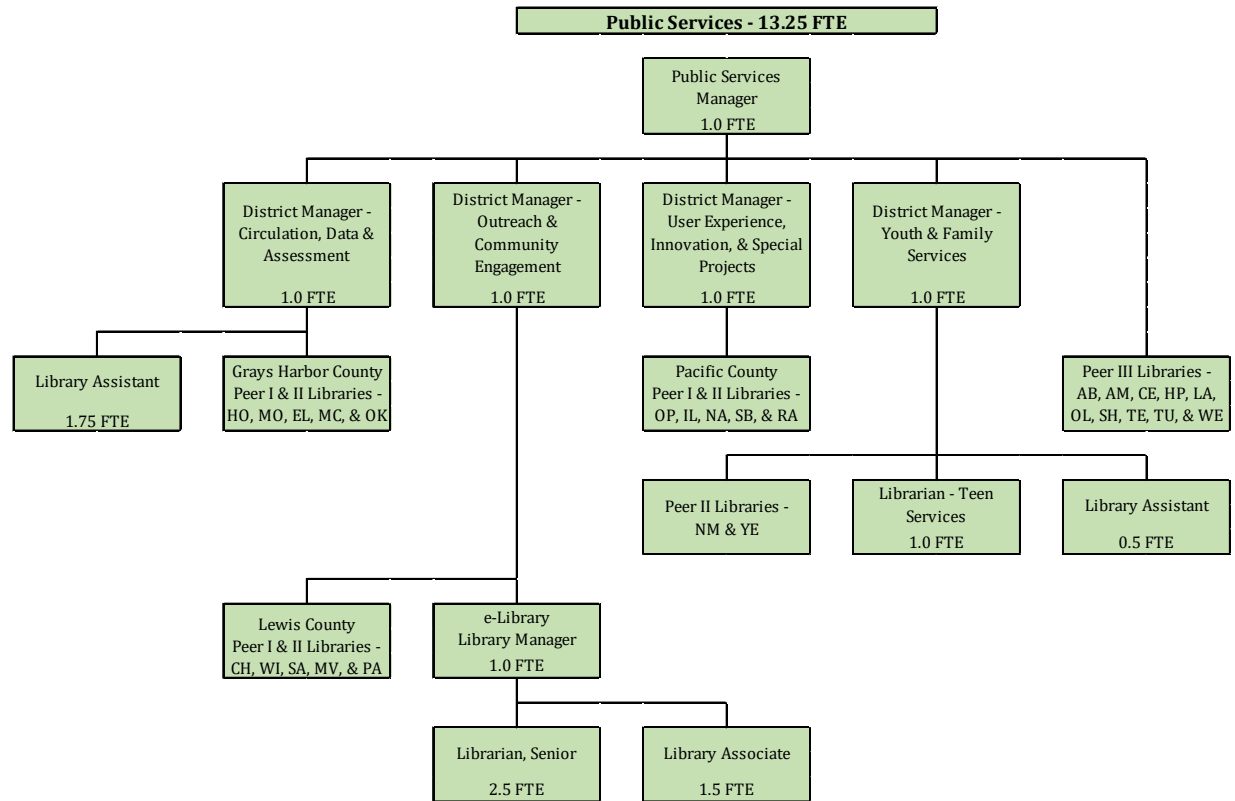

- Introduce lynda.com resource
- Target email marketing messages to users and non-users
- Increase social media promotions
- Design 3 courier van wraps
- Grays Harbor Transit Bus Ads
- Design passport for TRL 50th Anniversary
- Create individual branch videos
- Develop and introduce new website
- Today's Library e-newsletter (6 times/year)
- ALA - Libraries Transform initiative
- Friends & Boards Forum

Department Overview

Responsible Manager: Kristine Tardiff

Service Priority: Foster a Supportive Work Environment

Goal: Staff have an opportunity to identify and solve problems.

Initiative: Provide staff with channels of communication to provide input on concerns, current issues and solutions

Focus: With the Public Services reorganization, allow library staff more opportunities to work alongside Service Center staff and therefore, offer input and propose ideas regarding district-wide processes, guidelines, tasks, workflow, staffing, decision-making and customer service.

2016 Notable Activities:

- Developed and proposed a district-level Public Services reorganization with the main goal of giving library staff more support with present, engaged, collaborative and proactive guidance and supervision

2017 Anticipated Activities:

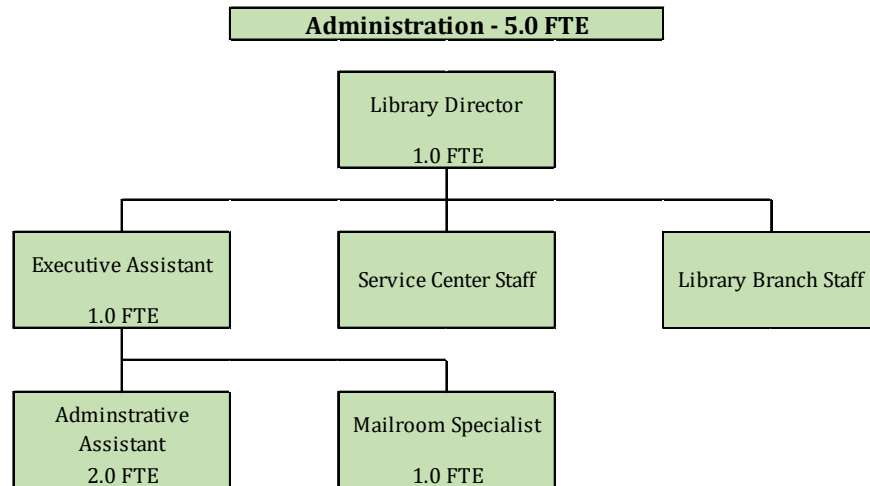

- Refine and modify reorganization, if needed, so that library staff express a stronger supportive work environment and the ability to communicate through multiple channels on a multitude of topics
- Focus on district-level decision making and support, including fundraising and grants, staffing and other studies, service assessments, recommendations for changes and/or modifications, etc.

Department Overview

Responsible Manager: *Josh Jordan*

Service Priority: Enhance Technology

Goal: Provide appropriate technology solutions that enable staff to work efficiently and allow the public to access the resources they need.

Initiative: Create efficiencies in Computer Services and automate more tasks to free up staff time. Leverage hosted or cloud-based services where feasible to reduce local operations management and local threat surface.

Focus: Replace PC reservation and print management system, work with Communications to replace the website, implement mobile devices, upgrade local Exchange, Skype for Business, and SharePoint servers, and collaborate with Pacific Mountain Workforce Development to provide devices for job seekers

2016 Notable Activities:

- Migrated staff intranet to SharePoint 2013
- Implemented helpdesk for Computer Services
- Installed additional wireless access points in libraries and upgraded controllers at Service Center
- Installed AWE Early Literacy Stations and began collecting usage statistics on children's computers
- Developed custom reports to help Business Office provide better financial information to Board of Trustees
- Migrated statistical reporting to BLUEcloud Analytics
- Moved away from Library Online to new PC reservation and print management system

2017 Planned Activities:

- Automate tasks including account provisioning and deletion
- Collaborate with Communications and hire a vendor to redesign TRL's website
- Provide software that will allow better communication and collaboration throughout the district
- Increase monitoring and metrics gathered from servers and network equipment
- Develop and implement an IT security policy
- Upgrade phone servers
- Begin pilot project with Pacific Mountain Workforce to provide job searching resources in some libraries
- Explore possibility of replacing some public access computers with thin clients and virtual desktops
- Upgrade public and staff computers to Windows 10

Highlighted Changes:

- Supplies decreased by 86.0% or \$12,900 due to actual needed supplies being clearly identified for the 2017 budget.
- Small tools/equipment of \$130,200 was previously budgeted in the Automatic Circulation Fund, but have been moved to the Computer Services budget in the General Fund as they are considered on-going expenditures as opposed to one-time expenditures.
- Professional services of \$210,549 was previously budgeted in the Automatic Circulation Fund, but have been moved to the Computer Services budget in the General Fund as they are considered on-going expenditures as opposed to one-time expenditures.
- Communications decreased by 62.8% or \$272,617 due to telephone charges being moved to the individual library budgets and to also account for the e-rate rebate received by TRL which reduces the cost of communications.
- Mileage increased by 640.7% or \$2,595 due to an analysis of actual costs in 2016.
- Repairs & maintenance increased by 19.3% or \$45,727 due to actual cost of NeoGov being \$21,000 instead of the \$7,000 which was budgeted in 2016, as well as Great Plains and Greenshades software maintenance being moved from the Business Office budget.
- Miscellaneous expenditures decreased by 34.3% or \$5,215 due to training expenditures being moved to lodging, meals, and registrations line items.
- Capital expenditures decreased by 64.5% or \$240,290 due to one-time expenditures that were budgeted for 2016 that are therefore not recurring in 2017.

Library Overview

Responsible Manager: Susan Faubion

Service Priority: Promote the Library as a Community Gathering Place

Goal: People view the library as the center of the community offering vibrant collections, services, events and spaces that encourage social interaction.

Initiative: Strive for all libraries to be physically inviting and convenient places to visit

Focus: Create welcoming, functional spaces by fully remodeling the children's area and by relocating collections and computers throughout the library

2016 Notable Activities:

- Worked with an architect and interior designer to plan a functional early learning environment for children, selecting carpet, furniture, shelving and more for the area
- Initiated monthly Sensory Friendly Storytimes, the first in the district specifically designed for children on the autism spectrum or with other special needs
- Completed the children's area remodel, expanding the children's area, creating an early-learning zone with space, seating, and activities for preschool children and their families, as well as a dedicated hangout area for school-age children

2017 Anticipated Activities:

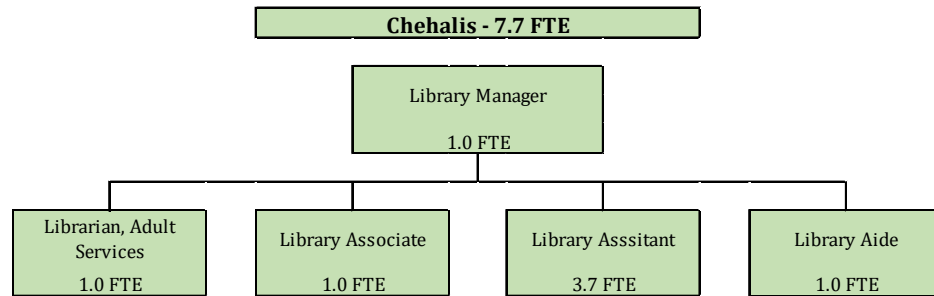

- Provide activities in the remodeled children's area to create a true community space, where children and families can play, interact, learn, and create

Library Overview

Responsible Manager: *Cherie Rusk*

Service Priority: Youth Services

Goal: Preschool children enter school ready to read. Parents and caregivers have the tools to help their children develop literacy skills.

Initiative: Support parents and caregivers in preparing children to be ready to read when they enter school

Focus: Develop and expand outreach to include Morton preschools. Refresh children's area to make a larger and more inviting place with hands on developmental learning activities. Provide monthly family programs with modeled early learning best practices for parents to learn and imitate.

2016 Notable Activities:

- Added Morton Preschool to outreach with a monthly Story Time visit
- Hosted monthly programs including Makey-Make from the State Library with adults and children learning together
- Held weekly in-house Story Times, with participation from area stakeholders such as dentists and fire service/sheriff representatives
- Offered 72 one-on-one resume review and cover letter assistance, and one-on-one computer instruction by appointment

2017 Anticipated Activities:

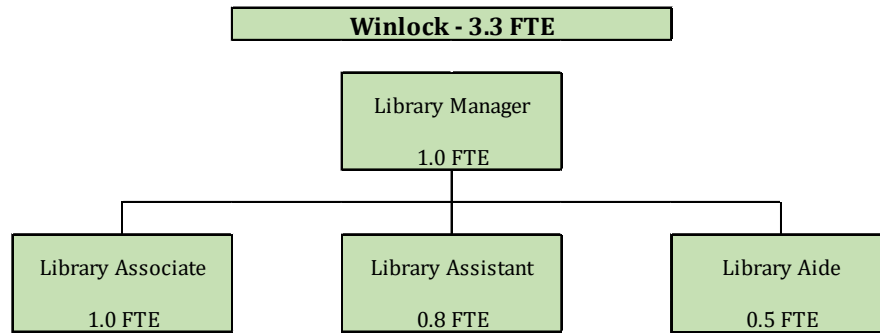

- Continue monthly preschool outreach visits to established locations, survey for new outreach opportunities
- Publicize Connect boxes for classrooms and Head Start
- Talk to Onalaska School District about hosting a monthly book discussion group at the school
- Identify more local presenters interested in talking about their local activities—e.g. cheesemakers, Master Food Preservers, nursery owners

Library Overview

Responsible Manager: *Jamie Allwine*

Service Priority: Enhance Technology

Goal: People served by TRL have access to robust collections and technology.

Initiative: Provide innovative technology that meets the needs of patrons and staff

Focus: Develop a Robotics Program in 2016, working collaboratively with Timberland Regional Library, the Friends of the Winlock Library, and the robotics instructors from the Winlock School District

2016 Notable Activities:

- Purchased Legos Mindstorms EV3 Robots, Ozobots, Snap Circuits and Makey Makey Kits through the Friends of the Winlock Library and purchased two additional EV3 Core sets and two Dash & Dot robot sets through TRL funds
- Hosted twelve family-based robot programs
- Hosted nine teen “Robot Rocks” programs. The programs were well attended
- Provided on-demand access for all of our STEM resources
- Shared my experience with the Coding Task Force, Admin Team (for Coding Task Force presentation) and Council of Libraries
- Worked with Timberland’s Computer Services department to acquire TRL laptops to use with our STEM programs
- Offered multi-generational (all ages) programs such as our Live Clue night, Beyond the Galaxy: Learning about the Cosmic Abyss and family movie nights

2017 Anticipated Activities:

- Continue to offer formal robotics and circuit-building programs
- Encourage patrons to use the library’s technology resources on a drop-in basis
- Apply for a grant through Best Buy to purchase additional laptops with the ultimate goal of starting a weekly Coding Club
- Take the technology out into the community for a variety of outreach events
- Offer a variety of adult programs that will promote interaction, such as an adult game night, coloring night, and a coding workshop

Library Overview

Responsible Manager: *Jennifer Grenfell*

Service Priority: Promote the Library as a Community Gathering Place

Goal: People view the library as the center of the community offering vibrant collections, services, events and spaces that encourage social interaction.

Initiative: Strengthen resources, services and events that promote community interaction

Focus: Programming: Look for opportunities to offer interactive and intergenerational programming. Experiment with new programming ideas and delivery methods to attract new and wider audiences

Outreach: Attend the Belfair Saturday Market weekly. Speak to local groups to increase awareness of the services offered by the library and the potential for interconnectivity within the community. Continue outreach to local daycares and preschools

Summer Reading: Incorporate an Adult Summer Reading strand along with the traditional SRP to encourage wider participation and family interaction

2016 Notable Activities:

- Expanded our weekly Belfair Saturday Market attendance into May (in addition to the summer months), offering books, information, and library services. Saw a 20% increase in outreach interactions at this event compared to 2015
- Offered workshop sessions as part of Mission Creek Women's Correctional Facility's annual pre-release conference for inmates
- Using the Youth Area Refresh project as a catalyst, re-organized the "treehouse" area of the children's room into an Early Literacy Center. Since the transition the room has seen increased use by children and families

2017 Anticipated Activities:

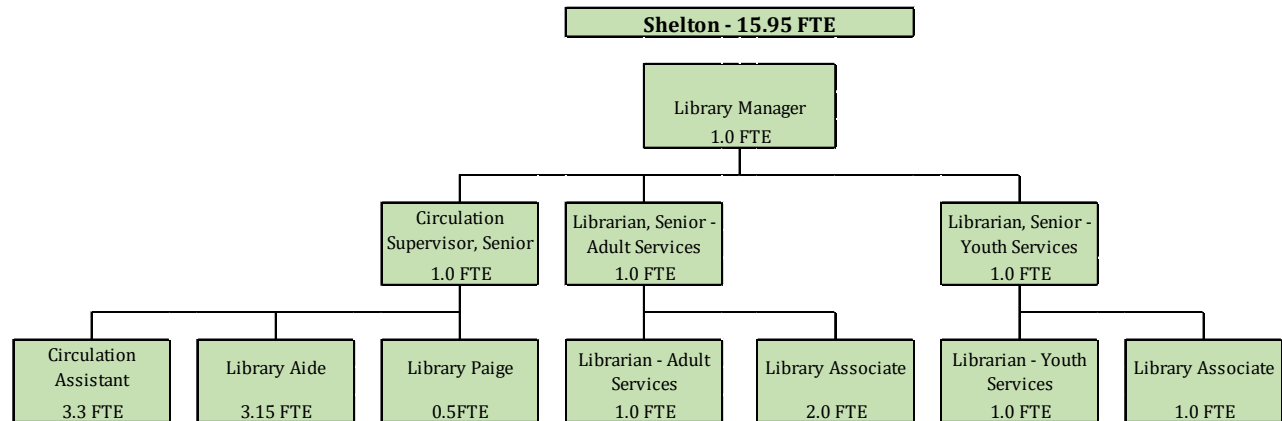

- Expand the teen area and make it more inviting for our young adult population
- Begin planning for the 20th anniversary of the current North Mason building in 2018
- Start programming to introduce intergenerational creativity in preparation for creation of a Makerspace in the library
- Offer regular coding and tech-oriented programming for children

Pacific County Library Budgets

Library Overview

Responsible Manager: *Susan Carney*

Service Priority: Promote the Library as a Community Gathering Place

Goal: People view the library as the center of the community offering vibrant collections, services, events, and spaces that encourage social interaction.

Initiative: Strengthen resources, services, and events that promote community interaction

Focus: Offer and promote programs such as author discussions, Make It @ the Library craft programs, Balance Education and Fall Prevention, Coloring Café, etc. These kinds of programs will provide the opportunity for adults to gather in a relaxed, casual atmosphere that encourages interaction through conversation, cooperation and the sharing of common interests

2016 Notable Activities:

- Hosted successful programs such as Soup Night program by Maggie Stuckey, designed to create community; Make It @ the Library Tie Dye Tiles and Make It @ the Library Leatherwork class, teaching adults new art techniques while making new acquaintances and seeing old friends
- Hosted Matt Love author presentation, developing community connections with local writers

2017 Anticipated Activities:

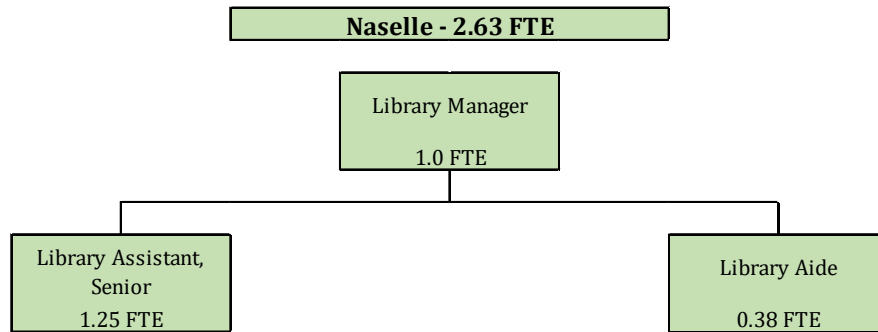

- Partner with Pacific County Master Gardeners to provide a series of workshops and programs with a focus on sustainability
- Increase STEM programming through use of LEGOs, Ozobots, and other new TRL purchases
- Increase outreach to the Ocean Beach Schools with a focus on the Middle and High Schools, in particular promoting internet cards for every student

- Worked on how the library could contribute to the Tumwater Impact Network statistical dashboard by meeting with Kendra Jones, Cheryl Heywood, and Rick Anderson of Washington Nonprofits
- Met with Director of Tumwater Boys & Girls Club to discuss ways our organizations could work together. Boys & Girls Club are bringing groups to library to participate in SRP activities and we will meet again before the school year to discuss training staff and youth about the library's online homework help resources. Will also meet with Director of new Tenino Boys & Girls Club
- Began a regular Teen Tech Tutors program that offers volunteer opportunities for teens and technology assistance for adults
- Partnered with the Thurston County Economic Development Council and the Small Business Administration to offer several small business workshops
- Offered a Microsoft Certification test fest to introduce patrons to upcoming proctored test service

2017 Anticipated Activities:

- Identify places with underserved communities and provide more outreach
- Promote Microsoft Certification proctoring

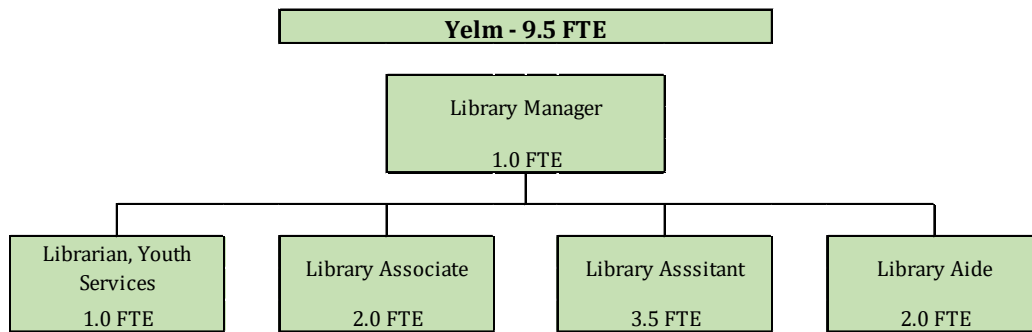

- Provide staff training to strengthen teams and strengthen the connection between Tumwater and Tenino libraries
- Develop and present more programming for tweens

Part 3 – Automated Circulation Fund

Automated Circulation Fund

The Automated Circulation Fund is used to accumulate and expend funds to be used for one-time information technology purchases and projects.

Highlights of Changes:

- Supplies decreased by 36.4% or \$22,478 due to on-going supplies being moved to the General Fund budget.
- Professional services budget of \$110,000 was added for a re-design of the TRL website.
- Capital budget decreased by 53.1% due to on-going items such as the purchase of new computers being moved to the General Fund.

Part 4 – Unemployment Fund

Unemployment Fund

The Unemployment Fund is to accumulate funds to be used to pay future unemployment costs paid to employees that have terminated employment with TRL. Instead of paying into the State unemployment, TRL has opted to reserve funds and reimburse the Employment Security Department for unemployment benefits they pay out to employees who have terminated employment.

Highlighted Changes:

- Unemployment costs budget decreased by 60.0% or \$15,000 due to an analysis of 2013-2016 costs.

Part 5 – Gift Fund

Gift Fund

The Gift Fund is used to account for donations and bequests given to the various libraries and the Administrative Service Center. In some instances, restrictions are placed on use of the gifted funds. In the past, TRL staff was not informed of current balances in each of the individual branches Gift Fund accounts. Because of this, branches did not have any idea of any funds available to spend on needs in their branches. Balances are now updated and given to responsible managers monthly. With managers now aware of their balances, the 2017 budget contains a detailed listing of budgeted expenditure items by branch.

Highlighted Changes:

- Contributions cannot be predicted each year and can vary greatly so a conservative amount of \$50,000 is budgeted.
- Expenditures increased by 509.6% or \$229,330 due to more informative reporting of gift fund balances.
- \$17,000 of Service Center money is being used for 50th Anniversary Passports.
- \$7,000 at Aberdeen is being used for equipment.
- \$400 at Amanda Park is being used for a new refrigerator.
- \$3,000 at Chehalis is being used for new equipment.
- \$1,000 at Naselle is being used for Pacific County related collections materials.
- \$1,400 at Packwood is being used for new chairs.
- \$130 at Salkum is being used for a puppet tree.
- \$13,300 at Westport is being used for window shades and equipment.
- \$5,300 at Yelm is being used for equipment.
- \$40,000 at Centralia is being used for re-lighting the youth area.
- \$185,000 at Olympia is being used for space planning.

Part 6 – Building Fund

Building Fund

The Building Fund is used for capital projects on TRL buildings as well as stipulated amounts for specified expenditures at non-TRL buildings. Budgeted expenditures are for one-time items, so the overall Building Fund budget will vary from year to year depending on needs of TRL and available funds.

Highlighted Changes:

- \$225,000 is being transferred from the Gift Fund for capital related items in Centralia and Olympia
